

The Fraser Island Defenders Organisation will again be helping to organise the

Third Biennial Fraser Island Conference on 2nd and 3rd August 2008

at the University of the Sunshine Coast, Sippy Downs.

SHIFTING SANDS -

The dynamics of the Great Sandy Region

Details of the evolving conference program will be posted on the FIDO web site: www.fido.org.au

CALL FOR ABSTRACTS

The Conference organisers are seeking abstracts of potential papers which are relevant to gaining a better understanding of the dynamics of the Great Sandy Region which may cover topics ranging from demographics and social issues to marine and terrestrial biology, ecology, climatology or geomorphology.

It is intended to develop a compendium of papers to be presented at the Conference and later published in book form. Authors will be given 8 weeks from the time of the acceptance of their paper, based on the abstract, to submit their paper for inclusion in the compendium. Authors will have a month after the conference to edit their papers before they are included in the proposed book.

**The deadline for submission of
abstracts is 10th April, 2008**

Abstracts can be emailed to shiftingsands@fido.org.au

WHO SHOULD ATTEND: Scientists; Academics; Researchers; Students; Politicians; Federal, State and Local Government representatives and managers; interest groups; the public – **Anyone who wants to hear about and have a say on the latest scientific information affecting management of the area.**
